Subject: Stronger telemarketing rules!

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.
- 2) Ban third-party use of my personal account information (pre-acquired account info) unless I give consent.
- 3) Enforce strong consumer protections--whether I get a sales call or respond to an ad and call a telemarketer.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

Sincerely,
Ms. linda fiedler

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

The calls are really irritating and disruptive. They start in the morning and go on into the night. Our answering machine answers these calls and the callers hang up. It is way past time to strengthen the TSR and to establish punishment for violations.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

Sincerely,
Mr. Peter F. Schultz

We need your help. Some of the telemarketer calls come in several times in the same day.

Besides that, they infringe on my personal information. We do need much stronger enforcement. Too much spreading and 'sharing' personal information. It needs to stop!

- 4) Make it easier for me to report these callers. As of now the FCC form is very long and asks for information that I'm not able to coax from the callers.

I'm a senior citizen and I get a minimum of one telemarketing call a day and I'm registered on the "Do Not Call List."

The calls so far during September 2014 have been from air duct cleaning services, carpet cleaning companies, senior emergency monitors and monitoring services, security systems and others.

I also get calls from groups purporting to be collecting for my local police and fire departments. I've checked with the chiefs of both of those departments and they are in no way connected with these callers, nor do they ever receive money from these calling organizations.

Please finally do something about this.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

The calls have become daily and I can recognize the names, though I have not written them down. I no longer stay on the call long enough to authenticate the name. I have previously informed the callers that I am on the "NO Call"list but they are not intimidated. I explained that what they were doing was illegal. Too Bad., They continue to call day after day. Sometimes, the call starts out as a robocall and then converts to a direct conversation attempt. What a waste of time and money.

I find it annoying, when I have signed up with the Do Not Call Registry, that I still get tons of telemarketing calls. The robo calls are the most annoying. I have even listened to the whole call so I can choose the option to be removed from further calls. Unfortunately they don't honor this and keep calling. You need to put a stop to this and make the telemarketers honor the Do Not Call Registry. We should be able to report these infractions and the offenders be made to pay us a hefty fine. If they know that they will have to pay us maybe they will not constantly call.

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.
- 2) Ban third-party use of my personal account information (pre-acquired account info).
- 3) Enforce strong consumer protections--whether I get a sales call or respond to an ad and call a telemarketer.

Besides the above something should be done about unsolicited calls telling me that my "such and such" is now available at no charge. That's an out and out scam. Further I do not believe the telemarketing industry has a right to interrupt my privacy by telephoning me. If do not call them, they should not be calling me. I have a right to privacy.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

Sincerely,
Ms. Beatrice Mazzone

The Biggest Violator about deceitful business practices is Google & the company's selling their advertising with Google. They bombard a business with computer dialed recordings. Most of these calls do not allow you to be removed from their list & the ones that do have the option don't abide to it. It's Terrible. They Tell you that you need to update your Information for your Free Google Listing. It's all a Lie! There's nothing free about it! The person or company that is willing to SPEND the Most money is the company that will be listed at the top of their search for services NOT the Best or most used company. It's Bad& needs to be stopped.

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

I am on the Do Not Call Registry but receive probably 6 calls a day from telemarketers. They seem to have increased since I have turned an age to receive Medicare - and many have to do with medical alert bracelets, etc. This is of concern particularly if older people are being targeted as some may fall prey due to impaired judgment or trusting nature. Needless to say telemarketing calls are unrequested, annoying and obnoxious.

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.

Please, I get more telemarketing calls than I do from friends. Many of them are pushy and extremely rude and either don't have or simply will not put your name on the do not call list. I've asked to be put on the do not call list, had the caller say they will and been called back within 5 minutes by the same group of people from yet another disguised number. It's just ridiculous and it needs to stop. Please help do that.

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.
- 2) Ban third-party use of my personal account information (pre-acquired account info) unless I give consent.
- 3) Enforce strong consumer protections--whether I get a sales call or respond to an ad and call a telemarketer.
- 4) Stop the "robut" calling as we have no one to complain to. I'm sick and tired of them using up my minutes on my cell phone as well as at home!!!

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

These Robo calls are out of control!! There needs to be teeth in the current laws. I get calls from businesses and scammers (Like Microsoft Security) everyday. I pay \$35 for phone service and 90% of the calls I receive are from people/businesses I don't want to talk to! This is not what Mr. Bell envisioned.

How about having a "Do Call List". That's a list where people/businesses on the list are allowed to call me and no one else.

I have listed all my phone number with the FCC "No call Registry" ever since its inception. I spent a year reporting every telemarketing call I received to the FCC No call registry..I never received a reply and the calls keep coming, so I gave up!

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

95% of calls to my land-line are telemarketers or outright fraud. My figure is accurate and based on researching ALL unknown calls by searching such numbers on-line. About 20% of the telemarketing calls are from charitable or political sources. A few of these organizations are legitimate. Most should NOT have my number and are questionable.

Recently a "police" charity called. It was a 3rd party fundraiser that appears to have represented itself as acting on behalf of my town's officers. The "representative" began by advising me that the call was being recorded. Rather than a recording "beep" there was a reverb effect. After refusing any donation I researched the number to learn it was also reported as representing the county sheriff and other law enforcement agencies and NOT LEGITIMATE.

Specifically, I ask that you:

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

Despite using DO NOT CALL REGISTRY there are too many telemarketers who PAY NO ATTENTION and call anyway expecting to be FORGIVEN "for not knowing" that person called is listed with Do Not Call Registry. The very worst offender has been "Credit Card Services" which kept using different calling numbers and abusive if answered to tell them not to ever call again which they did with impunity.

THE DO NOT CALL REGISTRY NEEDS ENFORCEMENT AND PUNISHMENT THAT REALLY STOPS OFFENDERS

Specifically, I ask that you:

Enforcement is absolutely necessary; telemarketers have figured out that the existing Do Not Call Registry is toothless and they ignore it with regularity and impunity. If the FTC needs to develop technology to quickly identify violators in order to prosecute them, then develop the technology.

As it currently exists, the DNC list is useless. We are flooded with unwanted calls all the time.

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.
- 2) Ban third-party use of my personal account information (pre-acquired account info) unless I give consent.
- 3) Enforce strong consumer protections--whether I get a sales call or respond to an ad and call a telemarketer.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

Sincerely,
Ms. Alicia Walsh

When I first signed up for the National Do Not Call List, it really seemed to help. Telemarketing calls dropped dramatically. But after a while it seemed that telemarketers realized the rule was not being enforced aggressively, and now they seem largely to ignore it. Initially I reported violations, but when it became apparent that didn't seem to have any effect, I gave up.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

Never allow telemarketers to use "restricted". They must always identify themselves. What am I saying? They must STOP calling me. I would like to receive \$2.00 every time that they interrupt me if I have not requested the call. My home is my sanctuary and my phone is to be used for my convenience and my safety, NOT my source of annoyance.

Along with all of these I take serious issue with allowing UNKNOWN CALLER/ PRIVATE CALL/ to be allowed to go through. Also, I have gotten these number "take over" calls, where they appear to be in your neighborhood --- One was only 4 numbers away from my home phone and it was from INDIA -- YOU COULD TELL BY THE PEOPLE ANSWERING.....

TAKE SOME ACTION AND SHUT THIS KIND OF CRAP OFF...Just because I give to a charity does not mean I want to be called by all the rest of the charities that are "kinda" like them. If I already give to one, why would I want 7/8 others calling me to try and get more..... STOP IT -- STOP IT--- STOP IT.....

I get more strange phone calls from out of state, maybe even out of country than I do local calls..... WE HAVE NO PRIVACY ANY MORE.... STOP IT STOP IT....

The Do Not Call Registry has become meaningless. I've reported about 50 callers and still get just as many calls. I feel that if I even pick up the phone it practically guarantees I will get many more calls from different vendors. Now we don't even pick up the phone without checking Caller ID. This is bad because we may miss an important call because we don't recognize the number.

Specifically, I ask that you:

- 1) Most importantly, actively and aggressively pursue telemarketers that break the current rules. I also get robo calls from energy brokers asking me to switch providers. These are the most disturbing, but I also get air duct cleaning calls, security system calls and others. Your current seemingly passive enforcement does not seem to be effective.

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.
- 2) Ban third-party use of my personal account information (pre-acquired account info) unless I give consent.
- 3) Enforce strong consumer protections--whether I get a sales call or respond to an ad and call a telemarketer.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

Sincerely,
Mr. Scott Rhoton

I cheered the day I found out about the "Do not call registry", but I am still receiving junk calls on my phone. Not as bad as before, I'll admit, but still too many.

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.
- 2) Ban third-party use of my personal account information (pre-acquired account info) unless I give consent.

NOTE _ i do volunteer work with many senior citizens and this would give them an opportunity to consult with family or friends. It might also stop some marketers from calling at all because of the added expense.

- 5) A call that requests a response (i.e.) press "1" to receive this offer cannot be completed until a REAL voice (not an answering machine) has been detected. I receive such calls on my answering machine several times a day, since I use caller ID to try to weed out such calls.

Subject: Stronger telemarketing rules!

Dear FTC,

The Telemarketing Sales Rule (TSR) has battled telemarketing fraud and deception for nearly two decades. As an Illinois consumer who's fed up with annoying sales calls, please keep and strengthen these consumer protections.

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.
- 2) Ban third-party use of my personal account information (pre-acquired account info) unless I give consent.
- 3) Enforce strong consumer protections--whether I get a sales call or respond to an ad and call a telemarketer.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

Sincerely,
Mr. Joseph Chrobak

Specifically, I ask that you:

- 1) Strengthen Do Not Call Registry enforcement by requiring telemarketers to provide recordings of their calls.
- 2) Ban third-party use of my personal account information (pre-acquired account info) unless I give consent.
- 3) Enforce strong consumer protections--whether I get a sales call or respond to an ad and call a telemarketer.

Please stand up for consumers, and strengthen the nation's telemarketing regulations!

Sincerely,
Ms. Margaret Pfeiffer
